

The Pathway School 2011/2012 School Year

Request to Release Information

(To other than school district or other funding agency)

Student Name: _____

In addition to school districts some of our students were originally referred by an education consultant. We have received multiple requests from the consultants to receive on-going information on the students' progress.

Going forward, Pathway will automatically send information to each child's school district, any other funding agency and referring education consultant (when there is such a person).

Please indicate below if you **do not** want information being forwarded to your education consultant.

_____ Do not forward information on my child's progress to their referring education consultant.

Note: School Districts and funding agencies routinely receive the following reports:

- Progress reports (education, residential, etc.)
- Routine assessments results
- Health information reports
- Medication information/psychiatric evaluations/summaries

Signed: _____
Parent/Guardian

Date: _____

Signed: _____
Student (if over 18 and no legal guardian appointed)

Date: _____

Note: You do not need to return this form unless you do not want information being forwarded to your child's referring education consultant.

This consent is good for one year unless withdrawn in writing earlier
