

SCHOOL CLOSING/SCHEDULE CHANGES DUE TO SEVERE WEATHER OR EMERGENCY

When severe weather conditions occur prior to the beginning of the school day Pathway may announce a change in the classroom schedule.

Should your local school district be closed, bus service will most likely not be provided for your child. Please contact your district's transportation department or cab company to find out what procedures they will follow during a weather emergency. Please keep both your school district's and Pathway's school closing numbers in a handy spot for quick reference.

When inclement conditions occur after your child has been transported to Pathway and your district announces an early dismissal, they will send buses to Pathway early in order to transport your child home. Please listen for such an announcement on the radio. **It is crucial that your school district and transportation company have your current emergency contact numbers.**

If Pathway decides to close early a phone message will be sent to all parents via the Alert Now system and a Pathway staff member will also attempt to contact you. **PATHWAY MUST HAVE CURRENT HOME, WORK, AND EMERGENCY NUMBERS IN THE EVENT CONTACT IS NECESSARY. Please contact our receptionist if any contact numbers have changed.**

In the event that your child is transported to Pathway in inclement weather we ask that you please do not call to request that we notify you when your child's bus arrives. While the request is very understandable the task of making those return calls is extremely disruptive to the classrooms. Should a vehicle mishap occur while in route to Pathway the school district would notify us immediately and the district or a Pathway staff member would contact you with the details.
