

# Back to School Checklist

## for Parents and Students

- ✓ I will make sure I feel good before I come to school. If I have a fever, a cough, shortness of breath, loss of taste or smell, or if I have been in direct contact with someone who have COVID-19, I will stay home and not go to school.
- ✓ When I arrive at school, I will wear my face mask, and will wait for Pathway staff to bring me to my classroom building or my designated check-in area for my health and wellness screening.
- ✓ When I am in my classroom, I will wear my face mask, practice social distancing, wash my hands frequently, and use hand sanitizer or hand sanitizing stations located around campus throughout the day.
- ✓ When I leave the classroom, I will wear my face mask, follow directional signs, and practice social distancing.
- ✓ If I need a face mask break, I will ask my teacher or instructional coordinator and I will keep my mask on until I am in a designated face mask break area.
- ✓ I will bring a water bottle labeled with my name to school, as water fountains will be closed for regular use. There will be water filling stations to refill my water bottle.
- ✓ Even though I may be excited to see my teachers, staff, and friends, I will refrain from hugging and other close physical contact for their and my safety.
- ✓ The school nurse will have a designated isolation area in the event that a child or a staff member comes to school and presents COVID-19 symptoms. If this occurs, Parents will be contacted to pick up their student immediately.

Common areas will be cleaned regularly throughout the day and all classrooms will be cleaned and disinfected nightly. Antibacterial cleaning materials are available in each classroom.
